

- My son came back wanting to go again next year. He talked about all the competitions such as racecar, canoeing, horseshoes, and etc. He made friends and was sad he had to leave.
- My son was very fortunate to get selected to attend the camp. I have nothing but praise and thanks for the opportunity of allowing him to go. He came back with a great respect for others and things. Thank you so much for this opportunity.
- My son had a great time. He loved the food and said there was plenty. He was very glad he went and hopes he can go again.
- I was reluctant to go through the trouble/expense of getting a physical and getting the paperwork notarized when there wasn't a guarantee that he had been accepted. I appreciate everything everyone did. He made a lot of friends and learned a lot. I understand the reasoning for not being able to call home, but I sure did miss him. The camp post card he sent was wonderful. This was by far the best summer my son has had and the first year he has gone to any kind of camp. I'm sure he'll never forget this experience, nor will I. Thank You. P.S. I love the website.
- My daughter had the most amazing time at Camp Win-A-Friend! She just cannot stop talking about the great experience. I find her glancing through the photo album she made at camp. She always speaks so positively about her counselors and her singing and just how special both of her counselors were to her. The counselors definitely impacted my daughter's life in ways that she probably would have never imagined. I really want to thank Camp Win-A-Friend for allowing my daughter the chance to experience such a wonderful program! The first thing she said to me after coming from camp was, "Mom, this was like a REAL camp, like a camp you'd see on T.V.!!" She was so amazed, and I can go on and on just as my daughter did when she returned from camp! I would just like to thank each and every individual involved in making of Camp Win-A-Friend possible for not only my child, but for many other young ladies that my daughter has now befriended, due to this camp. Thanks also for the lasting memories and "quirky" camp jingles that are forever embedded in the mind of my daughter!
THANKS CAMP WIN-A-FRIEND!!
- My daughter speaks of returning to camp next year and how she wishes it would somehow be possible, but do to age (13), she won't be able to attend. And so I would like to suggest if at all possible, that the age limit be changed.
- My son, enjoyed all interactions with Troopers (especially enjoyed canoeing). He said food was great, housing nice, spoke highly of the "life lessons" reinforced at camp.
- I personally would like to thank each of you that had such an impact on my child. That camp was such a positive experience for him. After seeing how wonderful your program is, please put me in your "call list" if ever you have fundraisers that you might need my support. Also, I would like to add. Upon your return from camp, it brought tears to my eyes to hear the sirens and see the lights of the cars escorting our children back. (My son thought it was neat as well). You guys are absolutely the best! My heart goes out to you. May God bless each and every one of you. Thanks.

- My son loved camp! Before he could even say “hello” to me, he was pulling his derby car out of his bag! He had a blast! He enjoyed his two team leaders very much. It was a very positive experience and he says he’d love to go back again next year! Thank you!
- My son was very pleased, great food, met new friends, he went on and on! Keep up the good work. There are so many young boys needing “positive” male role models. I appreciate “all” you did for my son. I would recommend it to anyone who asked about it. May God always bless the Trooper Foundation!!! Thanks.
- My son had a wonderful time at camp. His joy was the swim competition and stories that the troopers told. It is so rewarding to know that he has made so many new friends as my phone is now constantly ringing with calls from his camp friends
- My daughter enjoyed camp, all she talks about is what a good time she had. The main thing she enjoyed about your camp was arts and crafts. She learned how to make lots of things and she’s still making things. My daughter said she wanted to stay another week.
- My son enjoyed every part of the camp. The troopers showed him leadership skills and to have more confidence in himself. We are grateful to our troopers for taking the time to spend with our boys, helping them grow and learn as the turn into men. Thanks you.
